

Madia Venkatesh Rao

Product Designer | UX/UI & Enterprise B2B SaaS | Bengaluru

vomsi03@gmail.com | +91 7002178358 | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Product Designer with 2.8+ years of experience designing user-centered digital products across web, B2B SaaS, and consumer apps. Known for end-to-end ownership, from user research and information architecture to scalable design systems and production-ready UI. Comfortable working with AI tools natively to accelerate and improve design quality.

EXPERIENCE

Creative Designer | Zoapi Innovations Pvt Ltd.

Oct 2025 to Present

- Led the redesign of Zoapi's SaaS platform, mobile application, and website, creating a more cohesive and scalable user experience across customer touchpoints.
- Owned end-to-end product design, from research and workflow analysis to high-fidelity UI, prototyping, and developer handoff, delivering 20+ feature enhancements and product improvements.
- Simplified complex user journeys and interaction patterns, improving task efficiency by 15–25% while reducing friction across key product workflows.
- Partnered closely with engineering, product, and business stakeholders to align user needs with business goals and ensure high-quality implementation.
- Established consistent design patterns and scalable UI standards that improved product usability, visual consistency, and overall customer experience.

UI/UX & Graphic Designer | MM NOVA TECH LTD.

Apr 2025 to Jun 2025

- Designed landing pages, websites, email campaigns, and digital marketing assets that strengthened brand consistency and improved user engagement across multiple channels.
- Collaborated with stakeholders and teams across India and Canada to translate business objectives into effective digital experiences and visual communication solutions.
- Worked closely with developers, marketers, and project stakeholders to deliver high-quality design solutions within fast-paced project timelines.
- Applied visual hierarchy, branding, and user-centered design principles to drive a 15–20% increase in engagement while improving consistency across digital touchpoints.

UI/UX & Graphic Designer | National Skill Academy

Jan 2024 to Mar 2025

- Led UX/UI design for 25+ web products and client projects, creating intuitive experiences with a focus on usability, accessibility, and scalable design.
- Translated business and marketing goals into clear user journeys, improving engagement, navigation, and overall product effectiveness.
- Designed end-to-end experiences from wireframes and user flows to high-fidelity interfaces, while establishing reusable design patterns for consistency and scale.
- Partnered with cross-functional teams to deliver projects efficiently, improving delivery speed by 30% and contributing to a 10–20% increase in user engagement across key projects.

Graphic Design, Video Editor, Motion Graphics (Intern) | Agency

Mar 2023 to Aug 2023

- Created motion graphics, video content, and digital marketing assets for agency and media projects, supporting brand communication and audience engagement.
- Collaborated with creative teams to develop visual concepts, promotional materials, and storytelling-driven content across digital and broadcast platforms.
- Built foundational skills in visual design, animation, video production, and creative problem-solving that continue to inform product design decisions today.
